Location: Design Exchange (DX) 234 Bay Street, P.O. Box 18, TD-Centre, Toronto ON M5K 1B2

The Design Exchange is proud to announce Parallel Nippon: Contemporary Japanese Architecture 1996 – 2006. Parallel Nippon focuses on 110 representative architectural specimens selected from among buildings constructed primarily in Japan in the 10 years from 1996 to 2006, presenting them against the backdrop of Japan’s socio-cultural environment.

The exhibit retraces how Japan’s architectural scene has answered with fine-tuned designs to the demands of the age amid the transition from the period of the Japanese speculative “bubble” economy to the post-bubble period. Parallel Nippon is built around the idea of contrast: expanding metropolises versus local communities plagued by declining birthrates, grand cultural facilities with an international focus versus small but sensitive community facilities for local children or for the local elderly, and so forth. Parallel Nippon is co-organized by the Architectural Institute of Japan and The Japan Foundation.

ABOUT THE JAPAN FOUNDATION The Japan Foundation aspires to the role of catalyst for international exchange throughout the world, presenting valuable and appealing aspects of Japanese culture to other countries and promoting mutual understanding with peoples around the world. www.jftor.org

ABOUT THE ARCHITECTURAL INSTITUTE OF JAPAN The Architectural Institute of Japan (AIJ) has promoted the advancement and development of science, technology and art concerning architecture, with the mutual collaboration of its members. It was originally established as an institute for architects, with 26 founding architects. www.aij.or.jp

ABOUT THE DESIGN EXCHANGE The DX is Canada’s Design Centre and Museum with a mission to promote the value of design via exhibitions, lectures, workshops education programs and research. It recognizes Canadian design and innovation as key elements in the cultural and economic fabric of our lives.
